

This information is being collected for the purposes of Alberta Government records in accordance with the Government Organization Act. Questions about the collection of this information can be directed to Alberta Film Classification, Alberta Culture, #140, 4211 106 Street, Edmonton, AB T6J 6L7.

Alberta Film Classification determines the most appropriate classification for each film using a properly combined rating and advisory(ies).

Film distributors may believe that the assigned rating is unduly restrictive. Film distributors may also be concerned that a particular rating is inconsistent with ratings determined by other Canadian Boards. Because community standards are constantly shifting, a flexible classification system must allow for film distributors to request a reconsideration of specific ratings that may appear to be too high or too low.

Upon receipt of a written request from a recognized film distributor, the original classification decision for a film may be reviewed. A rating will not be automatically reconsidered based on the application of different ratings by one or two other Canadian Boards. A rating reconsideration will be automatically granted if 3 of BC, Manitoba, Ontario and the Maritimes have a different rating than Alberta.

A film distributor is required to submit this completed Film Rating Reconsideration application by Email, Fax, or regular mail. Forms can be Emailed using the button at the bottom of the form, or by attaching it to an Email addressed to filmratings@gov.ab.ca. Forms may also be printed and faxed to 780-427-0195 or mailed to Alberta Film Classification, #140, 4211 106 Street, Edmonton, Alberta, T6J 6L7.
